Environment and organisms - Task #438

Add buffer to station subsetting algorithm

07/06/2012 06:36 AM - Adam Wilson

Status:	New		**Start date:**	07/06/2012
Priority:	Normal		**Due date:**	
Assignee:	Adam Wilson		**% Done:**	100%
Category:	Climate		**Estimated time:**	2.00 hours
Target version:				
Activity type:	Coding/analysis			

Description

Add a buffer to the region of interest to keep stations around the edges and reduce edge effects in interpolation (and minimize differences at tile edges when stiching). I set the default distance to be 100km, but any value can be used.
